

Registration benefits

The payment of the Registration Fee allows a single paper to be published in the BRAU Proceedings and to be presented in any (one or more) of the cities joining the BRAU Biennial. Any additional paper presented/published by a participant requires the payment of an additional full registration fee.

In the case of papers with multiple authors, registration is required by only one of the authors, who will be the contact person for the proposed contribution. Other authors shall NOT register nor pay any registration fee. However, all the authors of a paper have the same advantages and benefits as the registered referent author; they have the right to participate, exhibit their work, obtain a digital copy of the Proceedings and a certificate of publication of the paper.

Registration benefits include:

- conference Welcome Bag containing the Programme Book and promotional material from the sponsors (if available);
- attendance of the Welcome Reception, providing excellent networking opportunities;
- welcome and/or closing ceremony refreshments (only in cities where available);
- conference newsletter prior to the conference with the latest updates on the programme, what-to-do in the city of conference, and more;
- a digital copy of the Proceedings of Biennial BRAU;
- opportunity to purchase at printing cost the paper copy of the Proceedings of Biennial BRAU (if available).
