

Registration benefits

The payment of the Registration Fee allows a single work (paper and/or posters) to be published in the BRAU Proceedings and to be presented in Oral and/or Poster Session in any (one or more) of the cities joining the BRAU Biennial.

In the case of papers/posters with multiple authors, registration is required by only one of the authors, who will be the contact person for the proposed contribution. Other authors shall NOT register nor pay any registration fee. However, all the authors of a paper/poster have the same advantages and benefits as the registered referent author; they have the right to participate, exhibit their work and obtain a certificate of publication of the paper/poster.

Registration benefits include:

- conference Welcome Bag containing the Programme Book, promotional material from the sponsors (if available) and the list of registered participants;
- attendance of the Welcome Reception, providing excellent networking opportunities;
- welcome and/or closing ceremony refreshments (only in cities where available);
- conference newsletter prior to the conference with the latest updates on the programme, what-to-do in the city of conference, and more;
- a digital copy of the Proceedings of Biennial BRAU;
- opportunity to purchase at printing cost the paper copy of the Proceedings of Biennial BRAU (if available).
