

## 2<sup>nd</sup> H & mH

International Conference  
on

### “Vulnerability of 20<sup>th</sup> Century Cultural Heritage to Hazards and Prevention Measures”

**KOS 3-4-5 October 2005**

#### **Honorary Presidents**

**Arch. Giannis Macheridis**

*Prefect of Dodecanese*

**Arch. Francesco Bandarin**

*Director of Cultural Heritage Centre of UNESCO*

#### **Chairperson of the Congress**

**Prof. Arch. Nina Avramidou**

Vice President of CICOP International Federation

Dep.ment of Technology dTeD –University of Florence

Via S. Niccolò 89 a, 50125-Firenze, Italy

Tel: +39.055.2491547; Fax: +39.055.2347152

Email: [CICOP@comune.firenze.it](mailto:CICOP@comune.firenze.it)

#### **Patronages (u.r.)**

Cultural Heritage Centre of UNESCO, Hellenic Ministry of Culture, Ministry of Cultural Assets and Activities of Italy, Prefecture of Dodecanese (Greece), Municipality of Kos (Greece), Eforia of Modern Monuments of Dodecanese (Greece), ICOMOS (Greece), Technical Chamber of Greece-TEE, Dep.tment of Dodecanese, DO.CO.MO.MO. (Greece), Greek Institute of Architecture, ARCCHIP (Czech Republic), University of Gran Canaria (Spain), University of Buenos Aires (Argentina), Accademy of Sciences of Czech Republic, University of Florence (Italy), University of Aegean (Greece), Aristoteleion University of Thessaloniki (Greece), University of Naples Federico II, University of Middlesex (England), Nottingham Trent University (England), Joint Research Center, European Commission, Ispra (Italy).

#### **Date and place**

The event, in which representatives of EU countries and countries in the pre-accession stage will present and discuss their State of the Art reports and contemporary as well as foreseen problems, will take place on **3-4-5 October 2005, in the island of Kos, Greece.**

### **Aim of the Conference**

The Conference will provide a forum for scientists and experts in the field of **vulnerability of cultural heritage to natural and technological hazards** field in order to improve and update information about scientific achievements and policy in risk management. Dodecanese Islands are the appropriate location to discuss **risk assessment** and **remedy strategies** of the cultural heritage, because of its multiethnological and millenary culture as well as for the expression of intra-European cooperation and exchanges between Europe and the other continents.

### **Scientific Program**

Every work-session will be organised with keynote lectures, critical presentation of the papers by the session co-ordinator, oral presentation of papers presented by the participants, debates and poster sessions.

An international scientific committee will audit and select the papers.

### **Seminary Advisory Committee**

Prof. Nanij Arias Incolla (Chairperson of 8th International Congress of CICOP Federation, University of Buenos Aires), Prof. Arch. Miguel Angel Matràn (President of CICOP Federation (University of Tenerife, Spain), Arch. George Karydakis (Eforia Modern Heritage of Dodecanese, Ministry of Culture, Greece), Prof. Arch. The 2<sup>nd</sup> H & mH 2005 International Conference is based on papers of top specialists with the aim to elaborate state of the art conclusions and to clearly formulate the most up-to-date recommendations in the area.

The subjects will consider:

#### **I) Natural hazards**

1. 1 Earthquake, Landslides, Fire, Floods, Winds, etc.
2. 2. Weathering, Bio-deterioration, structural damage due to change in sub-soil conditions
3. Case studies
4. Prevention measures, conservation and restoration remedy and proposals

#### **II) Man made hazards:**

1. Excessive or inappropriate use including mass tourism
2. Conservation practice
3. Inappropriate development
4. Lack of a coherent heritage policy
5. Unintended effects of social policies
6. Air pollution
7. Thefts, terrorism, war conflicts, arson, etc.
8. Case studies
9. Prevention measures, conservation and restoration remedy and proposals

#### **III) Risk assessment and management**

1. Insurance
2. Failure analysis
3. Sustainable management of modern heritage
4. Inventory and agreed methods at local level
5. Risk management appraisal procedures and quality control
6. Standard systems of recording the existence, condition and threats to cultural heritage of 20<sup>th</sup> century

#### **IV) Remedial steps and interventions**

1. Repair and upgrading techniques: researchers and applications
2. Retrofitting techniques for modern architectural heritage under seismic actions
3. Policy and Management

4. Strategies to preserve existing buildings

### V) Education

1. Cultural Identity of modern urban spaces
2. Knowledge of modern cultural heritage and sensitization/education/participation of the citizens to the protection activities
3. Tourism and environment enhancement

### VI) XX century. The Archeology of the Architects

1. Reinvention of XX century Archeological Heritage
2. Fruition and Maintenance of Archeological Heritage
3. Settlement and Protection of Archeological sites

A special attention will be paid to **cultural heritage** as a possible **risk generator** including **risks to visitors**, **accessibility** for handicapped etc..

### Official Languages

English, Greek

### Additional Information

Information regarding registration and accommodations, technical exhibits, social events, technical tours and other issues will be included in subsequent announcement which will be regularly provided on web site:

<http://soalinux.comune.firenze.it/cicop>

### Exhibition and Activities

- A. Stands.** There will be a space to host stands for technical literature, scientific instruments, products, and technologies for the rehabilitation, consolidation and maintenance. The stands will be available to any firm and organization, showing interest to the Conference secretariat before **31 July 2005**.
- B. Exhibitions.** Presentation of researches and specific interventions concerning the cultural heritage will take place during the celebration of the Conference in exhibition space.
- C. Award Ceremony.** According to the previous CICOP congresses, a prize will be given to designers of great distinction operating in the cultural heritage conservation and restoration field. Other awards will pertain to the planning work or to the significance of the architectonic values of young designers who are going to work in this field.
- D. Technical tours and post conference tours** will be organised all around Dodecanese Islands built environment.

### Special Sessions

- **Shared (partagè) heritage all around the world: Develop guidelines and policies to achieve preservation.**
  - **Untangible Cultural Heritage and Built environment of the 20<sup>th</sup> century**

### Registration Fees (\*) in Euro

Before 30 March, 2005		Before 30 May, 2005		After 30 May, 2005	
member	non member	member	non member	member	non member
